
CITY OF SEDRO-WOOLLEY

Work Session of the City Council
June 5, 2007 – 7:00 P.M. – Senior Center

The Work Session was called to order at 7:00 P.M.

ROLL CALL: Present: Mayor Mike Anderson, Councilmembers: Ted Meamber, Louis Requa, Rick Lemley, Hugh Galbraith and Dennis London. Staff: City Supervisor/Attorney Berg, Clerk/Treasurer Nelson, Planner Moore, Fire Chief Klinger, Steve Huizinga (WWTP) Guests: Jim Hobbs, Reichardt & Ebe, Rick Judd (Planning Commission Member)

- Public Works Standards
The Public Works Standards were larger than anticipated and therefore will be handed out Wednesday in DRAFT form. It was requested Council review and discuss them at a meeting in the near future.
- Future Sewer Projects
 - **SR 20** – CH2M Hill design is 99% ready to go to bid. Reichardt & Ebe will investigate the trenchless application. There are issues with easements that need to be resolved prior to construction.
 - **Metcalf Street** – Northern to State to Third – Trenchless application including side sewers. Can set time (i.e. night, not during festivals, etc.)
 - **Township** – Polte – North on 9 to City Limits or Alderwood – coordinate with sidewalk project and school vacation, traffic concerns, BNSF.
 - **McGarigle** – Possible cured in place pipe (CIPP), County and State would need to cooperate on project; need to verify model flows at full build out to see if pipe upsize is necessary.
 - Prices are leveling for materials but labor costs are still rising.

Discussion held regarding future services to Tribe and expansion of Northern State Complex. Reichardt & Ebe updated costs on Township Line and Metcalf.

Also discussed lack of funding, current PWTF application and possible USDA funding.

Council consensus is to go ahead with the engineering so projects can be ready to go when funding becomes available.

The Worksession adjourned at 9:00 P.M.
