- Final Acceptance – 2007 Crack Sealing Project

Councilmember Meamber moved to approve the consent calendar. Seconded by Councilmember Splane. Motion carried (6-0)

Public Comment

Thelma Trujillo – 933 Wicker Road, noted she has previously spoken at meetings but her name has been listed incorrectly. She addressed the Council regarding "Hope", noting that she was encouraged with the Judge's decision in the Deluxe issue. She spoke of her thanks for Annie Janicki in leading the battle against the issue and questioned how the committee will be selected for the consultant selection. She also presented Council with an

informational flyer assembled by her granddaughter regarding their feelings on the Deluxe issue as part of their homeschooling assignments.

UNFINISHED BUSINESS

Ordinance – Park and Recreation Advisory Board

City Supervisor/Attorney Berg briefly reviewed the ordinance for the Park and Recreation Advisory Board. He noted this is the second reading before the Council and reviewed the make up of the Advisory Board.

Councilmember London moved to adopt Ordinance No. 1620-08 An Ordinance Establishing a Park and Recreation Advisory Board.. Seconded by Councilmember Colgan. Motion carried (6-0).

Mayor Anderson noted the arrival of Engineer Freiberger and Associate Planner Coleman to the Staff bench.

Purchasing Ordinance

City Supervisor/Attorney Berg reviewed the second reading of the proposed ordinance in order to update the City's purchasing policy.

Councilmember Meamber moved to adopt Ordinance No. 1621-08 An Ordinance Establishing Purchasing Policies for the City of Sedro-Woolley. Councilmember London seconded.

Councilmember Splane questioned who would be responsible for equipment specs when purchasing. Berg reviewed the procedure both currently and under the new ordinance using the new Vactor truck as an example. Engineer Freiberger detailed the procedure and selection for specs. Discussion was held regarding Council involvement in the specification process.

Motion carried (6-0).

NEW BUSINESS

ER&R Fund Expenditure

City Supervisor/Attorney Berg reviewed the request for the purchase of a used van for the Custodian who currently drives a hand me down sedan from the Police Department. The sedan is not sufficient for the equipment he needs to transport to various facilities for cleaning purposes. Berg noted the current vehicle would be surplused.

Engineer Freiberger discussed the purchase request for a vactor truck. He noted they have had demos on three different vehicles during the past week and believes it to be prudent to purchase the vehicle utilizing the state contract within the current budget year.

Discussion ensued as to the disposition of the old vactor truck, timing of the deferred purchases, anticipation of the addition of the Fire Department into the ER&R fund in 2009 and the janitorial position.

Councilmember London moved to purchase a new or demo model vactor truck in an amount not to exceed $350,000 and to purchase a used van in an amount not to exceed $7,500 with funding from the ER&R fund. Seconded by Councilmember Lemley.

Councilmember Meamber reported that the three person Council committee met for the purchase of the vactor truck which they discussed at length. He also spoke of the good work of the custodian and the necessity to provide the proper equipment in order to do the job.

Motion carried (5-1, Councilmember Galbraith opposed).

Extension of City Sewer to UGA Property

Associate Planner Coleman reviewed the request of Charles and Margaret Coultas to connect to the City Sewer. The property is located in the UGA on West Jones Road and the applicants have already submitted a notice of intent to commence the annexation process. He noted that Staff is reviewing whether other properties within the area should be considered for annexation as well. Coleman addressed the applicants concern of being able to connect to City sewer before the groundwater level rises and makes trenching more difficult. The City installed a sewer stub at the property line during the sewer main construction in 2005 but the property was not allowed to connect because of the sewer moratorium. Staff recommendation is to approve the request which has been reviewed by Public Works, the Wastewater Forman and Planning Staff.

Discussion ensued to include annexation, septic credit and precedence in other case by case situations.

Harold Coultas – 8947 Westerman Road, representing Charles and Margaret Coultas addressed the Council regarding the sewer connection.

Councilmember Meamber moved to approve the requested sewer connection outside of city limits to parcel P36660 subject to the property owner obtaining a certificate of sewer availability and signing a no-protest to annexation waiver prior to connection to the City sewer and subject to paying one and one-half the usual sewer rate until the property is annexed. Seconded by Councilmember Splane.

Councilmember Galbraith objected to the wording in the Staff memo regarding sewer extension within the UGA.

Motion carried (6-0).

COMMITTEE REPORTS AND REPORTS FROM OFFICERS

Police Chief Wood – reported the Department has been extremely busy as a result of the recent bank robbery. He noted the great efforts of the citizens, Police Department and other law enforcement agencies and the quick response of all. He spoke of the great job of the 911 dispatch center.

Asst. Fire Chief Olson – noted the Department has been busy with a high call volume. He reported on the successful Fire Prevention Week complete with school visits both to classrooms and field trips tours to the Fire Department. Olson also reminded everyone of the upcoming Boots to Burn dance which benefits the Northwest Burn Foundation.

Engineer Freiberger – updated Council on sewer projects. He noted the McGargile CIPP project is going well but there are some outstanding issues with the Metcalf Sewer project. Recommendations will be presented in the near future as to the resolve on the Metcalf Project. Freiberger noted communication with business owners continues in connection with the Metcalf project. He requested a meeting of the Utility Committee be scheduled to discuss the Fruitdale Sewer Project.

City Attorney Berg – noted the donation from the tribe of a used school bus to be converted into a mobile command unit for use in flood and other incidents as needed. He reviewed the necessary improvements for vehicle conversion and requested Council consideration of acceptance of the donation.

Berg also reported on the format of the November 4 Council worksession stating the worksession will be on the Mayor's draft budget and there will be no packet prior to the worksession. All handouts will be given at the meeting with possible power point exhibits.

Councilmember Splane moved to accept a bus from the Upper Skagit Tribe for the Police and Fire Departments use. Seconded by Councilmember Galbraith.

Council discussion ensued regarding painting of the vehicle, cost and other upgrades. Motion carried (6-0).

Councilmember Lemley – gave a reminder for the upcoming Boots to Burn Fundraiser Auction and Dance.

Mayor Anderson – announced the Job Corps Spaghetti Feed to be held at the Community Center tomorrow night.

Councilmember Splane – congratulated whoever is cleaning up Brickyard Creek.

City Supervisor/Berg noted it was the Brickyard Creek Sub Flood Control zone.

Councilmember Lemley moved to adjourn. Seconded by Councilmember Splane. Motion carried.

The meeting adjourned at 7:55 P.M.

November 4, 2008 – 7:00 P.M. – City Hall Council Chambers

The worksession was called to order at 7:00 P.M. with the Pledge of Allegiance.

ROLL CALL: Present: Councilmembers Ted Meamber, Tony Splane, Louis Requa, Pat Colgan, Rick Lemley and Dennis London. Staff: City Supervisor/Attorney Berg, Finance Director Nelson, Engineer Freiberger and Debbie Allen, Wastewater Treatment Plant Forman

Mayor's Balanced 2009 Preliminary Budget

- A review of the Mayor's Balanced 2009 Preliminary Budget was presented by City Supervisor/Attorney Berg, Finance Director Nelson and Engineer Freiberger. Items reviewed were budget summary information, the Mayor's key budget elements and departmental requests (not included in the printed budget).

Fruitdale Sewer Project

- Engineer Freiberger explained a possible sewer project on Fruitdale between McGarigle and SR 20 in conjunction with the McGarigle/Fruitdale Road Project. The Council consensus was to proceed with the project funded by the Sewer Reserve Fund.

SR20/North Skagit Plant Roundabout

- Engineer Freiberger and City Supervisor/Attorney Berg led a discussion regarding possible art work such as a Skagit Tower in the center, non-drivable area. The current design is land cover, bushes and small trees. The Council consensus was to use minimal landscaping in the roundabout center.

Metcalf Sewer Project

- City Supervisor/Attorney Berg led a discussion on engaging a law firm specializing in construction law to represent Sedro-Woolley in possible litigation.

Councilmember Splane moved to authorize City Supervisor/Attorney Berg to sign the attached fee agreement with Hedeen & Caditz, PLLC. Seconded by Councilmember Requa. Motion carried (6-0).

Councilmember Lemley moved to adjourn. Councilmember Splane seconded. Motion carried (6-0).

RE: **Professional Services Agreement 2008-PS-13**
Leonard, Boudinot & Skodje, Inc.
Fruitdale Road, SR20 to McGarigle Road Sewer Project

DATE: November 6, 2008 (for Council review November 12, 2008)

ISSUE
Should Mayor Anderson execute the attached Professional Services Agreement 2008-PS-13 with Leonard, Boudinot & Skodje, Inc. for design engineering services for the Fruitdale Road, SR20 to McGarigle Road Sewer Project?

BACKGROUND/DISCUSSION
At the November 4, 2008 Council Work Session, council authorized staff to proceed with design work for the Fruitdale Road, SR20 to McGarigle Road Sewer Project. Attached is the proposed Professional Services Agreement with LBS for this work. LBS is the consultant currently under contract to design the Fruitdale/McGarigle Road Project. The proposed sewer work will be incorporated in that construction project.

Total Construction	**$750,000**

ANALYSIS
As discussed at the Work Session, the sanitary sewer work will be funded from the Account 410 Cumulative Reserve for Sewer Facilities Fund. If approved, design work will be started immediately and completed in early 2009 and the project incorporated in the Fruitdale/McGarigle Road Project.

MOTION:

Move to authorize Mayor Anderson execute the attached Professional Services Agreement 2008-PS-13 with Leonard, Boudinot & Skodje, Inc. for design engineering services for the Fruitdale Road, SR20 to McGarigle Road Sewer Project in the amount of $40,000.

Respectfully submitted,

Mark A. Freiberger, PE
Director of Public Works/City Engineer

PROFESSIONAL SERVICES AGREEMENT No. 2008-PS-13.

(To be used for engineering, professional, and consultant services)

This Agreement made and entered into this **13th** day of **November, 2008** , by and between the City of Sedro-Woolley, a municipal corporation under the laws of the State of Washington, hereinafter referred to as "City" and **Leonard, Boudinot, & Skodje, Inc**. whose address is **603 South First Street, Mount Vernon, WA 98273**, hereinafter referred to as the "Contractor".

WHEREAS, the City desires to engage the Contractor to perform certain duties relating to professional services, and

WHEREAS, the Contractor has agreed to offer its professional services to perform said work, and

WHEREAS, the Contractor has represented and by entering into this Agreement now represents that it is fully qualified to perform the work to which it will be assigned in a competent and professional manner, to the standards required by City,

NOW, THEREFORE, IT IS MUTUALLY AGREED BETWEEN THE PARTIES:

The City hereby agrees to engage the Contractor and the Contractor hereby agrees to perform, in a satisfactory and proper manner, as determined by City, the services hereafter set forth in connection with this Agreement:

1. Scope of Services.

The Contractor agrees to perform in a satisfactory and proper manner, as determined by the City, services as **design phase services for the Fruitdale Road, SR20 to McGarigle Road Sewer Project, as further described in Exhibit A Scope of Services,** which are requested by the City of Sedro-Woolley.

2. Relationship of Parties.

The Contractor, its subcontractors, agents and employees are independent Contractors performing professional services for City and are not employees of City. The Contractor, its subcontractors, agents and employees, shall not, as a result of this Agreement, accrue leave, retirement, insurance, bonding or any other benefits afforded to City employees. The contractor, subcontractors, agents, and employees shall not have the authority to bind City any way except as may be specifically provided herein.

The Contractor represents that it is customarily engaged in an independently established trade, occupation, profession or business of the same nature as that involved in the contract of services, and that it maintains a principal place of business other than City's office that is eligible for a business deduction under IRS regulations, and that on the effective date of this agreement it assumes responsibility for filing, at the next applicable filing period, a schedule of expenses with the IRS for the services subject to this agreement, it has established all required tax accounts with state government agencies, has a Washington State Uniform Business Identifier number, and is maintaining a separate set of books and records reflecting all expenses and income items of its business.

3. Time of Performance.

The service of the Contractor is to commence

[ ] on or before _____

[x] as soon as practicable after the execution of this Agreement shall be undertaken so as to ensure its expeditious completion in light of the purpose of this Agreement.

The service of the Contractor is to be completed

[x] not later than **December 31, 2008**
[ ] pursuant to the schedule set forth on Attachment C, Schedule of Work.

4. Delays and Extensions of Time.

If either party is delayed at any time in the progress of providing services covered by this Agreement, by any causes beyond the party's control, the time for performance may be extended by such time as shall be mutually agreed upon by Contractor and City and shall be incorporated in a written amendment to this Agreement. Any request for an extension of time shall be made in writing to the other party.

5. Compensation and Schedule of Payments.

City shall pay the Contractor its hourly rates pursuant to the schedule set forth on **Exhibit B, "Fee Schedule."**

The Contractor shall be paid monthly on the basis of invoices for compensation earned by the Contractor during the billing period, as agreed by the parties. Payment shall be made within ten (10) days after approval of the voucher by the City council.

Cost not to exceed **$40,000** without prior approval of the Director of Public Works/City Engineer.

6. Ownership of Records and Documents.

The written, graphic, mapped, photographic, or visual documents prepared by the Contractor under the scope of work of this Agreement are instruments of the Contractor's services for use by the City with respect to this project and, unless otherwise provided, shall be deemed the property of the City. The City shall be permitted to retain these documents, including reproducible camera-ready originals of reports, reproduction quality mylars of maps, duplicates of 35 mm slides, and copies in the form of computer files, for the City's use. The City shall have unrestricted authority to publish, disclose, distribute and otherwise use, in whole or in part, any reports, data, drawings, images or other material prepared under this Agreement, provided that the Contractor shall have no liability for the use of the Contractor's work product outside of the scope of its intended purpose.

7. Termination.

The term of this agreement shall be from the date signed through **December 31, 2009**.

A. This agreement may be terminated by either party for reasonable cause, upon written notice to the other party. Reasonable cause shall include:

a) Material violation of this agreement.

b) Failure to maintain professional standards in the performance of services related to this agreement.

B. This agreement may be terminated without cause upon thirty (30) days notice by either party.

C. Termination of this agreement shall not relieve either party of their obligations under this agreement which accrues prior to the date of termination, or which, by their nature, is intended to survive completed performance of the scope of work, including the obligation of the City to pay for competent services performed prior to the date of termination.

8. Evaluation and Compliance with the Law.

The Contractor agrees to comply with all relevant, federal, state and municipal laws, rules and regulations, including laws governing equal employment opportunity, and prevailing or area standard wage laws, if applicable.

9. City Business and Occupation License.

Prior to performing work under this Agreement, Contractor shall secure a City of Sedro-Woolley Business and Occupation License.

10. Liability and Hold Harmless.

Each party shall indemnify, save, and hold harmless the other party of any claim, damages, losses, liability or expense cause by or resulting from their negligence related to the performance of this contract.

The Contractor shall provide proof to the City that it is insured under a professional liability insurance policy covering the work within the scope of this agreement, in such form and amounts as are acceptable to the City.

The Contractor shall provide proof to the City that it is insured under a general liability insurance policy covering the work within the scope of this agreement, in such form and amounts as are acceptable to the City.

For purposes of this agreement the Contractor waives immunity under RCW Title 51, the State Industrial Insurance Act for any claim brought by the City.

11. Employment Security. The Contractor shall comply with all employment security laws of the State of Washington, and shall timely make all required payments in connection therewith.

12. Amendments.

This Agreement shall not be altered, changed, or amended except by an instrument in writing executed by the parties hereto. Any changes in the scope of work or compensation shall be mutually agreed upon between the City and the Contractor and shall be incorporated in written amendments to this Agreement.

13. Scope of Agreement.

This Agreement incorporates all the agreements, covenants, and understanding between the parties hereto which are merged into this written agreement. No prior agreement or prior understanding, verbal or otherwise, of the parties or their agents shall be valid or enforceable unless set forth in this Agreement or written amendment hereto.

14. Ratification.

Acts taken pursuant to this Agreement but prior to its effective date are hereby ratified and confirmed.

15. Assignability. This agreement is not assignable by either party, without written consent of the other party.

16. Notices. Any notice given in connection with this agreement shall be given in writing and shall be delivered either by hand to the party or by certified mail, return receipt requested, to the party at the party's address stated herein. Any party may change its address stated herein by giving notice of the change in accordance with this paragraph.

court proceeding arising under or related to this agreement shall be in Skagit County Superior Court.

18. Non-exclusive Agreement. This agreement shall not prevent the City of Sedro-Woolley from entering into a contract with another person or firm for similar services.

19. MRSC Roster Registration. The Contractor shall register or maintain registration on the MRSC Consultant Roster.

DATED this **13th** day of **November**, 2008.

Scope of Services
Fruitdale Road Sanitary Sewer Pump Station Engineering

Scope Of Work Summary:

Provide engineering services required to design and produce construction plans and contract documents for sanitary sewer pump station, including wetwell, valving, electrical control panel and forcemain, to connect to existing gravity sanitary sewer main.

Geotechnical investigations and system electrical design will be subcontracted by LBS.

Engineering Scope of Work:

1. Using data provided by the City, design the sewer main line in Fruitdale Road between McGarigle Road and SR 20.

2. Design sewer service laterals to each existing residence, capped at the right of way line.

3. Design manholes at locations that will service future development in the area and to serve specific parcels.

4. Design a sewer lift station to be located on the 20'x20' parcel owned by the City near P95640, or located near SR 20. Lift station to be sized for future build-out flow of 280,000 GPD.

5. Analyze the suitability of short term use of the existing pumps and controls currently being removed from the United General Hospital site.

6. Size the sewer forcemain pipe to meet current design parameters.

7. Design sewer service to P39392 from the existing sewer main in McGarigle Road or from the new Fruitdale Road sewer main.

8. Prepare an Engineer's Estimate for the work.

9. Develop plans, details and specifications for the sewer pump station work. Coordinate all work with the existing Skagit County Fruitdale/McGarigle Road Project. Work to be included with the road project bid.

10. By subconsultant, obtain additional geotechnical data for the proposed pump station site(s), and portions of the sewer main line where the depth will exceed 10 feet. Approximate fee, $12,000.00.

11. By subconsultant, provide pump station system electrical design. Approximate fee, $10,000.00.

12. If required, LBS survey crew will perform additional topographic survey work at the proposed pump station sites. This data will be used to design the site and prepare the construction plans.

The estimated fee for the Leonard, Boudinot & Skodje portion of this scope of work is $18,000. Subconsultants estimated fees at $22,000. The total estimated fee for the above listed scope of work is $40,000.

RE: **Final Acceptance – 2007 CIPP Sewer Project**
Insituform Technologies Inc.

DATE: November 5, 2008 (for Council review November 12, 2008)

ISSUE

Should Council approve final acceptance of the 2007 CIPP Sewer as constructed by Insituform Technologies, Inc. of Chesterfield, Mo?

BACKGROUND/DISCUSSION

This was the first CIPP Project for Sedro-Woolley. Council budgeted $200,000 from Account 401 Other Improvements to try this technology to try to find relief in soaring standard construction method prices in areas where pipe capacity is not a problem, but the pipe was failing. The project proved to be a success and remained under budget.

The construction contract for the 2007 CIPP Sewer Project with Insituform Technologies, Inc. was executed on March 28, 2007. The work was started on June 12, 2007 and all contract work was completed and physical completion occurred on January 18, 2008. Work was accepted as complete on January 18, 2008. Attached is the Notice of Acceptance from the project engineer, Reichhardt & Ebe, Inc.

The retention for this project has been held as required by the specifications and state law. Final release of the retention will be pending clearance from the Department of Labor & Industries and the Department of Revenue confirming correct wage payments and sales tax payments. The Notice of Completion of Public Works Contract has been sent to the Dept. of Revenue.

ANALYSIS
The original contract was $112,936.68. Unit quantity changes resulted in an increase of $86,970.24. The final contract amount was $199,906.92. Overall, the contract came in $93.08 under the Engineer's Estimate.

RECOMMENDATION
It is Staff's recommendation that Council move for final acceptance of the 2007 CIPP Sewer as constructed by Insituform Technologies, Inc. of Chesterfield, MO.

MOTION:

Move final acceptance of the 2007 CIPP Sewer as constructed by Insituform Technologies, Inc. of Chesterfield, MO in the amount of $199,906.92.

Re: 2007 Cured in Place Pipe Project Notice of Acceptance

Dear Mr. Freiberger:

I hereby certify that the 2007 Cured in Place Pipe Project and all appurtenances were built in accordance with the plans and specifications and that all materials incorporated in the project meet the specifications. An inspection was made on January 18, 2008 to verify that the punch list items had been completed. No outstanding items remain.

It is my understanding that Julie Rosario will prepare the DOR Notice of Completion for Publics Works Contract form. No payment should be made from the retained funds until receipt of the Department of Revenue certificate, Department of Labor and Industries Release and Washington State Employment Security Department release.

Inspection reports and submittals are on file at our office. These records are the property of the City of Sedro-Woolley and are available to you upon request.

Memorandum

To: Mark Freiberger

From: Leo Jacobs Solid Waste & Fleet Division

Date: 11/4/2008

Re: John Deere 2355 Trade In

Upon reviewing the information provided to us by the Parks Department and Barnett Implement Co. Inc., the Fleet Department is supportive of the proposed transactions. The trade in of the John Deere 2355 that is currently a back up, would allow the Parks Department to purchase two items that are going to enable them to enhance the looks and appeal of our City and according to the quote the City should have $1,500.00 plus extra credit at John Deere.

The Billy Goat could be used for vacuuming leaves and other clutter from in and around City buildings and downtown streets.

The brush hog would be used to get at some of the heavy brush type areas where the current parks equipment is having a much harder time in maintaining.

The brush hog would tentatively be scheduled for replacement on the ERR for replacement in 10-12 years. The Billy Goat would have a life span of 10-12 years also. Both of these items are able to be available for use in 30 days or less once they have been approved.

11/5/08

Eron,

I support this proposal. If approved, I will update the ERR for next year to add the equipment.

Thanks

Re: Trade in of John Deere 2355

Please find the attached paperwork regarding the trade in value of our John Deere 2355 Tractor/Mower. As we have discussed we no longer use this piece of equipment because it was cycled out of our ERR program earlier this year and replaced with more efficient equipment.

Also attached is paperwork regarding the pricing for new equipment that we would like to purchase with the trade in allowance from the tractor. Please note that there will be no out of pocket expense for this new equipment, and there will also be a credit balance that we will be able to use to purchase a lot of repair parts for our equipment. The new equipment consists of a 5' brush hog that will be used to maintain the newly cleared areas in Riverfront Park. We need a brush hog to keep these new areas cleared as our current mowing equipment will not work for that task, and we will need to either rent one several times a year or purchase one. This equipment will also come in handy for other departments activities as we do not have a brush hog in the city.

The other piece of equipment is called a Billy Goat. It is a high powered vacuum unit that is used like a lawnmower that sucks up debris such as cigarette butts and leaves and even beer cans. We will use this at all of our various facilities to keep the exterior grounds clean and I intend to have our seasonal staff use it on Saturday and Sunday mornings on the sidewalks in front of the bars downtown to keep the city looking nice. Both of these pieces of equipment will be very valuable to our department and the entire city.

Thank You,

Nathan R. Salseina

CITY COUNCIL AGENDA
REGULAR MEETING

NOV 12 2008

7:00 P.M. COUNCIL CHAMBERS
AGENDA NO. 5

Memorandum

To: Mayor Anderson and City Council

From: Patsy Nelson

Date: 11/6/2008

Re: Property Tax Levy Ordinance Public Hearing (first reading)

Background information: The attached property tax ordinance has two components. The first is general property tax revenues and the second is voter approved bond tax revenues.

General Property Tax Revenues Property tax levy increases are limited to 101% of the dollar amount of the previous year's highest allowed tax plus new construction and annexed property. The maximum dollar amount of the property tax levy is established by the City Council. The Skagit County Auditor's Office has determined the preliminary assessed valuation to be $934,567,493. The tax rate is calculated based upon the Assessor's valuation and the Council's tax request. Property taxes at the highest allowable amount at the projected valuation are estimated to create a tax rate of 1.86143 which is down from 2.1444 in 2008. The final assessed valuations and resulting tax rate, will not be known until January, 2009.

A levy increase in the amount of 1% would result in $16,689 of additional property tax. Low-income senior citizens and disabled persons either do not pay this tax or receive a tax reduction, as determined by the Skagit County Assessor's Office. The use of this 1% tax increase is not limited to the general fund. It may be restricted for specific items such as the acquisition of Park land, etc.

The Mayor's proposed ordinance does not include an increase in general property taxes. It also is the Mayor's intent to not bank the excess capacity.

Voter Approved Bond Tax Revenues The second part of the ordinance is for the debt service for the Public Safety Building which was previously approved by the voters of Sedro-Woolley. Low-income senior citizens and disabled persons do not pay this tax. The 2009 tax request is $210,000.

Recommendation: Staff recommends that the Council approve Ordinance No._____, An Ordinance of the City of Sedro-Woolley Approving the Property Tax Levy.

ORDINANCE NO.

AN ORDINANCE OF THE CITY OF SEDRO-WOOLLEY APPROVING THE PROPERTY TAX LEVY.

WHEREAS, The City Council of the City of Sedro-Woolley has properly given notice of the public hearing held November 12, 2008, to consider the City of Sedro-Woolley 2009 Real Estate Property Tax Levy; and

WHEREAS, the City Council, after hearing, and after duly considering all relevant evidence and testimony presented, has determined that the City of Sedro-Woolley will not require an increase in general property tax revenue from the previous year, in addition to the increase resulting from the addition of new construction and improvements to property, addition of properties as a result of annexation and any increase in the value of state assessed property, in order to discharge the expected expenses and obligations of the City of Sedro-Woolley and in its best interest; and

WHEREAS, it is the intent of the City Council to not bank the excess capacity; and

WHEREAS, per a 1996 citizen voted and approved GO Bond issuance, it is necessary to increase property taxes to pay GO Bond principal and interest; and

WHEREAS, the City's actual levy amount from the previous year was $1,668,947; and

WHEREAS, the population of this City is more than 10,000; and now, therefore,

IT IS HEREBY ORDAINED, by the City Council of the City of Sedro-Woolley, an increase in the regular property tax levy shall not be imposed in addition to the increase resulting from the addition of new construction and improvements to property, addition of properties as a result of annexation and any increase in the value of state-assessed property. It is further ordained that the City Council hereby authorizes the 2009 levy in the amount of an increase of 0.00% from last year, or $0.00 not to exceed the levy limit as allowed by law.

Also levied here is an amount necessary to fund the debt service of the 1996 G/O Bond Fund (Public Safety Building) in the amount of $210,000.

PASSED BY THE CITY COUNCIL AND APPROVED BY THE MAYOR THIS 25th DAY OF NOVEMBER, 2008.

FROM: Eron Berg
RE: Sewer Rate & Fee Ordinance
DATE: November 12, 2008

ISSUE: Should the Council adopt the attached ordinance which increases the monthly charge for sanitary sewer service by $2.75 for a residential customer. This item is on the agenda for a public hearing tonight.

BACKGROUND: This is an anticipated step increase in rates as identified in the rate study conducted earlier this year. This increase is necessary to service the debt borrowed to fund the millions of dollars in projects to address our critical sewer interceptor needs.

On the flow based rates, a problem has been detected. It appears that the flow based rates were not increased in the past to the same extent as the residential rates, which artificially increases the residential rates (residents are paying more to dump the same flow into the system than the flow-based customers). In many jurisdictions, flow-based customers pay more, particularly if they are high strength dischargers. Flow based rates are currently $3.76 per 100 cubic feet. With the same percentage increase as the residential rates, the flow based rate would increase to $3.97 per 100 cubic feet. If the flow based rates were equivalent (they pay the same as the residential rates) it would be $6.83 per 100 cubic feet. Staff's recommendation is to increase the flow based rate to $4.69 per 100 cubic feet which closes the gap by one-quarter. If you continue to close the gap by one-quarter, the rates will be equivalent after a total of four rate increases (maybe 2012). Closing this gap will also help ensure that the residential rates grow by a slower amount than anticipated in the rate study.

RECOMMENDATION: After opening the public hearing, MOTION to continue the public hearing to November 25th, 2008. Adoption will be requested at that meeting.

ORDINANCE NO. _____

AN ORDINANCE AMENDING THE FEES AND CHARGES FOR USE OF THE CITY OF SEDRO-WOOLLEY SANITARY SEWER SYSTEM, AMENDING PORTIONS OF SEDRO-WOOLLEY MUNICIPAL CODE CHAPTER 13.16 AND CHAPTER 13.30, AND ADJUSTING THE LOW-INCOME SENIOR DISCOUNT

WHEREAS, the City Council of the City of Sedro-Woolley is updating its Sanitary Sewer Capital Facilities Plan, and

WHEREAS, the work identified by the City will cost about $15,133,000.00, and

WHEREAS, the intended method of financing is to utilize PWTF monies to the extent possible, to achieve a lower cost of funds, and

WHEREAS, the City has hired consultants who have made recommendations concerning the allocation of the cost of construction between connection fees and charges and monthly user fees, and

WHEREAS, the City Council finds that adoption of the connection and user fees set forth in this ordinance will support the construction projects in the Sanitary Sewer Capital Facilities Plan if anticipated financing is realized, and

WHEREAS, the City Council finds that it is in the interests of the public health, safety and welfare to adopt the fee schedules set forth below, now therefore,

THE CITY COUNCIL OF THE CITY OF SEDRO-WOOLLEY DO HEREBY ORDAIN AS FOLLOWS:

Section 1: SWMC Section 13.30.010 is hereby amended to read as follows:

13.30.010 Effective date.

Commencing on ~~June 1, 2008~~ January 1, 2009, the sewer service charges specified in this chapter shall take effect. For buildings which have a public sewer available after that date, a sewer service charge shall commence thirty days after such public sewer has been available and notice of such availability is given.

Section 2: SWMC Section 13.30.020 is hereby amended to read as follows:

13.30.020 Residential rates.

Unless exempt from connection to the sewer, there shall be charged to each single residential dwelling unit (including mobile or manufactured homes on individual lots or in a mobile home park), and to each unit of a residential duplex (two units) or triplex (three units) dwelling, to which sewer service is available a basic monthly sewer service charge as follows:

~~June 1, 2008 and thereafter: $48.50~~

January 1, 2009 and thereafter: $51.25

The City Council shall review and adjust these rates annually or as needed.

Section 3: SWMC Section 13.30.040 is hereby amended to read as follows:

13.30.040 Nonresidential schedule and other provisions.

Unless otherwise provided by written agreement, there shall be charged to each nonresidential unit (including commercial and industrial units) to which sewer service is available a monthly sewer service charge as follows:

A. A base rate per connection per month plus a volume rate (in cubic feet) for all volume of discharge over seven hundred fifty cubic feet per month. The base rate shall be equal to the single residential rate set forth in this chapter. The volume rate charge shall be determined by the water consumption records provided by the Skagit County PUD No. 1 meter readings and records, or as otherwise determined as provided in this chapter.

B. The superintendent may adjust this charge based upon evidence that the metered water usage does not accurately reflect the volume of discharge disposed of through the sewer system. In making this adjustment, the superintendent may rely upon industry standards, scientific and engineering data, sewage flow meter data, qualified professional opinions, and any other basis which is in his or her opinion appropriate.

C. The superintendent may require the installation of any measuring devices to measure the flow of water or sewage at the owner's expense.

D. The volume rate charge shall be based upon the monthly (or average monthly) water volume for the most recently available water billing period preceding the sewer billing period.

E. The volume rate shall be as follows:

~~June 1, 2008 and thereafter~~	~~$3.76~~ $4.69
January 1, 2009 and thereafter	per 100 cubic feet

F. For purposes of this section, the term "unit" shall mean any lot, structure or sanitary sewer connection served by or associated with a water meter, or any other lot, structure or sanitary sewer connection which the superintendent shall deem a separate unit for billing purposes.

Section 4. The effective date of this ordinance shall be January 1, 2009, more than 5 days after passage and publication.

RE: Comprehensive Solid Waste Management Plan
DATE: November 12, 2008

ISSUE: Should the Council adopt the 2008 CSWMP?

BACKGROUND: The County proposed amendments to the 2005 CSWMP were approved by the Solid Waste System Governance Board (SWSGB) for the purpose of forwarding to the Department of Ecology (DOE) in May of this year and were approved by DOE by letter dated June 25, 2008. The SWSGB approved the amendments with the addition of Sedro-Woolley's proposed language regarding increasing recycling on October 15, 2008.

As the SWSGB did take final action as contemplated by the 2008 Interlocal, the City is required to adopt the 2008 CSWMP as approved by the SWSGB.

RECOMMENDATION: Motion to adopt the proposed resolution adopting the 2008 Comprehensive Solid Waste Management Plan as approved by the Solid Waste System Governance Board on October 15, 2008.

RESOLUTION NO.

A RESOLUTION OF THE CITY OF SEDRO-WOOLLEY ADOPTING A REVISED COMPREHENSIVE SOLID WASTE MANAGEMENT PLAN

WHEREAS, the City was a party to an interlocal agreement between Skagit County and the other cities and towns in Skagit County dated May 17, 2004 that addresses the countywide solid waste system which is recorded under Skagit County Auditor's File No. 200405200103 (2004 Interlocal); and

WHEREAS, the 2004 Interlocal established the process by which the City's comprehensive solid waste management plan (CSWMP) was to be adopted and amended pursuant to RCW 70.95; and

WHEREAS, pursuant to the 2004 Interlocal and in accordance with Chapter 70.95 RCW, the City's CSWMP is the same as Skagit County's CSWMP and the current CSWMP was adopted by Skagit County in 2004 as contemplated in the 2004 Interlocal and is known at the 2005 CSWMP; and

WHEREAS, the parties to the 2004 Interlocal adopted a new interlocal agreement, the 2008 Interlocal recorded under Skagit County Contract No. C20080306, which changed the method of adopting, revising or amending the CSWMP to require City adoption within 30 days after a supermajority vote by the Solid Waste System Governance Board (SWSGB) and approval by the Department of Ecology; and

WHEREAS, the County proposed revisions to the 2005 CSWMP that were approved by the SWSGB for the purpose of forwarding to the Department of Ecology in May of this year and were approved by Ecology by letter dated June 25, 2008; and

WHEREAS, the SWSGB took final action to approve the 2008 CSWMP as required under the 2008 Interlocal on October 15, 2008 which requires the City to adopt the 2008 CSWMP; and

WHEREAS, the foregoing recitals are also findings of the City Council and a material part of this resolution;

NOW THEREFORE BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF SEDRO-WOOLLEY AS FOLLOWS:

The City of Sedro-Woolley hereby adopts the attached 2008 Comprehensive Solid Waste Management Plan, as approved by the Solid Waste System Governance Board on October 15, 2008, as required by Interlocal Agreement dated April 30, 2008 by and between Skagit County and the cities and towns in Skagit County and recorded as Skagit County Contract No. C20080306.

City Supervisor/City Attorney
City of Sedro-Woolley

Sedro-Woolley, WA 98284

Dear Eron:

Thank you very much for taking time out of your busy schedule to meet with me today about the possibility of a fiddle festival using the bandstand at your Riverfront Park.

This letter is intended to be very conceptual with few details, but to give you and the city council an idea of what we are thinking. Since many of the symphonies violin players are closet fiddlers, my proposal would be to hold a fiddle festival using the bandstand at Riverfront Park on a Saturday or Sunday afternoon during July or August. The format would be family orientated (and family priced) and informal with guests invited to bring a picnic, sit on the lawn, and listen to some fiddle music (perhaps with the addition of a bluegrass band). We would charge an entrance fee and use the event as a fund raiser for the Skagit Symphony. We feel that the event would be warmly received by the Sedro-Woolley community and we could draw a fair crowd from outside your community. My guess is that about four hours would be required for the event. If successful, the event could become an annual affair.

In order to accomplish this, we would have to cordon off an area of the park (as I showed you). In addition, we would like to be able to invite several concessionaires to offer food to the guests. The Sedro-Woolley ban on alcohol in any of their parks is certainly understandable, but I know that many of our guests would love to have a glass of beer or wine with their picnic lunch.

Both the symphony board and the Sedro-Woolley City Council will meet on November 12. My proposal is that you bring this matter up for discussion with the city council and I will discuss the matter with the symphony board. If there is an interest by both sides in proceeding with discussions, I could appoint an official representative of the symphony to work with you (or any other representative the council would appoint).

Very truly yours,

MEMO TO: City Council
FROM: Eron Berg
RE: Union Cemetery rates
DATE: November 12, 2008

ISSUE: Should the Council approve the attached ordinance increasing certain rates for services at the Sedro-Woolley Union Cemetery?

BACKGROUND: Ray Melton undertook a rate study and compared Sedro-Woolley's rates to Anacortes and Burlington. His notes are attached and show that Sedro-Woolley's rates are lower than the neighbors' rates.

In 2008, the Council budgeted a subsidy of $42,500.00 from property taxes to support the operations at Union Cemetery. In 2009, the Mayor's draft budget includes a property tax subsidy of $53,500.00 (his draft also contemplates these rate increases).

RECOMMENDATION: Motion to adopt Ordinance _____-08 increasing rates at Union Cemetery.

ORDINANCE NO. _____

AN ORDINANCE AMENDING THE SEDRO-WOOLLEY MUNICIPAL CODE CHAPTER 2.80 TO INCREASE CERTAIN RATES AND CHARGES FOR THE SEDRO-WOOLLEY UNION CEMETERY

WHEREAS, the City of Sedro-Woolley proudly operates the Sedro-Woolley Union Cemetery; and

WHEREAS, fees and charges for use of the Sedro-Woolley Union Cemetery have not been updated since 2006; and

WHEREAS, a rate study conducted by the Street Department Supervisor/Foreman indicates that rates at the Sedro-Woolley Union Cemetery are below market; and

WHEREAS, the City Council has budgeted to subsidize the operations of the Sedro-Woolley Union Cemetery by $42,500.00 in 2008; and

WHEREAS, the City Council desires to increase rates and charges to more closely reflect market conditions and to minimize the amount of property tax dollars required to subsidize the operations at Sedro-Woolley Union Cemetery;

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF SEDRO-WOOLLEY DO HEREBY ORDAIN AS FOLLOWS:

Section 1. SWMC 2.80.040 is amended as follows:
